Get ready for a celebration of contemporary visual art as **Ksoporti Art Weekend 2024 goes to Paphos!**

This year, we're rewriting the rules as we make our permanent shift to the lovely season of Spring and bring the magic of Ksoporti to life in a whole new way. Immerse yourself in the dynamic art scene of Paphos with:

- * Open studios
- * Permanent and temporary exhibitions
- * Exhibition spaces transformed by artists to offer an intimate glimpse into their creative process

But wait, there's more! This year, we are making an exception and are spreading our wings outside the city centre to the charming villages of Lemba, Kissonerga and Tala in the Paphos district, showcasing the diverse and dynamic art scene that Paphos has to offer.

From emerging talents to established pillars of the local art scene, our lineup features an array of more than 20 visual artists who collectively contribute to the rich tapestry of Paphos's artistic landscape. Don't miss out on this unique opportunity to connect with Cyprus' art and artists in a whole new way! Plan your artistic journey by visiting our website www.ksoporti.com to find out more about the participants.
